These individuals will, therefore, be unable to use the pool or tennis courts as their access cards have been deactivated. If you are at the pool or tennis courts and someone asks you to give them access, please do not do so as it is quite possible that these persons may be members of a delinquent household or may not reside in the community. If you allow them to enter the facilities and surrounding area, they will be trespassing on the Association's property, which action may be subject to further enforcement action by the Association.
